LOROS STOMP round Leicester

After our quarterly team meeting, as our team building activity, we followed the STOMP round Leicester LOROS trail. LOROS does fantastic work to provide free, high quality compassionate care and support for terminally ill adult patients and their families.

There was a competitive aspect as we split into teams to search for the colourful elephants around the city and to race to find our Elephant King. For those that don't know, Dyer & Co. Wealth Management have proudly sponsored the Elephant King elephant depicting King Richard that is displayed outside the Leicester Cathedral.

It was a brilliant way to round off the day. Big congratulations to Laura, Gareth, Ashlea, Peter and Sasha for spotting the most elephants – true champions of the trail!

Supporting the causes that matter to you.

We'd love to hear from our clients about local charities that are close to their hearts.

At Dyer & Co., we're passionate about supporting our communities and would be delighted to explore ways we can help.

Through St. James's Place, local charities are able to apply for grants, providing valuable funding and support. If you know of a cause that matters to you, please let us know — together, we can make a real difference.

Investing in Community, Together.

Following the success of our walk round the Isle of Wight in 2023 raising nearly £4000, we will be raising money once again for the St. James's Place Charitable Foundation who do wonderful work with small and medium sized charities across the UK and overseas. They work with children who are disadvantaged physically, socially or economically whilst also funding hospices, mental health charities and cancer support charities.

This year, some of our team at Dyer & Co. Wealth Management will be taking on the challenge of walking 67 miles in 3.5 days around the Isle of Arran in Scotland.

If you would like to support us in our challenge, please visit this link:
